The Falcon

BULLETIN

JULY 1992

PRESIDENT'S MESSAGE

It's almost time for our 13th Annual Family Reunion, I mean the Falcon National Convention. It feels like going to a reunion after all these years. I have met such a lot of super people in the Falcon Club.

It sounds like everything is working up to be the biggest and best National meet ever. The Wisconsin people are working very hard to make this happen.

Kathy Lerner, our Quarterly Editor, has agreed to be editor for both of our publications since Bronson has decided to retire from his job. Thanks Kathy! Now, if you want it to be an interesting publication you must send articles, pictures, tech tips, event happenings, club functions or anything of interest for her to put in the newsletter and quarterly.

If anyone has any positive suggestions to help improve the FCA, please contact one of our officers so we can put it on the agenda for our Board Meeting and the National Meeting. We'd like to get this handled early so the Board of Directors can have some fun in the parking lot, too, instead of spending the whole meet in meetings.

We will be needing Chapters and individuals to volunteer to help with the 1993 National Meet. Talk this over with your Chapter to see what you will be able to do.

Hope to see lots of you in Milwaukee!---Jim Hatcher, FCA President

The newsletter dedicated

to Falcon lovers

... everywhere!

THE FALCON BULLETIN is published monthly by The Falcon Club of America with information from its members. The Falcon Club of America, Inc., is a non-profit organization dedicated to preserving the **FALCON** automobile built by the Ford Motor Co. from 1960 to 1970. Roy E. Sword founded the world-wide Club in 1979. It is incorporated under the laws of the State of Arkansas. Yearly dues to the Falcon Club of America are \$20 (\$25 outside the United States), and are payable to: The Falcon Club of America, P.O. Box 112, Jacksonville, AR 72076. Copy for publication should be sent to: G. B. Netterville, Bulletin Editor, 6621 Hwy 100, Nashville, TN 37205-4226. Copy must be received by the 1st of the month preceding date of issue.

1992 FCA CONVENTION UPDATE

It looks like the 13th Annual FCA Convention will be a big success! We already have registration forms from California, New York, Texas and many points inbetween. Have you registered and made your reservations yet? (Please note that the hotel requires reservations by July 15th. They will not hold rooms for our group after that date.)

We hope you aren't going to pass up the opportunity to renew old friendships and make new ones. We also need your participation because that is what will make your FCA Convention a complete success.

In this issue there is a map on how to find the Grand Hotel in Milwaukee. It was decided to have it in this issue for those of you who are leaving early to come, because we all know how late the mail can be. We just wanted to be sure you had it.

For those of you interested in camping, please contact Yogi Bear's Jellystone Park at 414-835-2565. They are located about six miles south of the Convention site.

Also you will find the classes that will be at the show listed in this issue.--Your 1992 FCA Convention Committee

CHAPTERS

THE CAROLINAS CHAPTER held its club picnic on June 28th. At the July meeting, final decisions will be made about club jackets. An All Ford Falcon show is being planned for August 15 at Town and Country Ford in Charlotte, NC.

THE GATEWAY CHAPTER met on May 17 at Shoney's Restaurant. After dining, the meeting was held to finalize the plans for the 1992 Fall Regional in St. Louis. Everyone is looking forward to meeting their friends from the Falcon Club here October 9-10.

THE HAWKEYE CHAPTER held its May meeting on May 9 at the Colony Village Restaurant at the Amanas. 14 members attended for an interesting meeting and a great meal. The next meeting will be held July 11 at Jester Park, Des Moines, IA. It will be a potluck picnic. Everyone is welcome.

THE KEYSTONE CHAPTER held its first outdoor meet for 1992 at Perkasio, PA's Lake Lenape Park on May 16. Threatening skies limited the participation to 8 Falcons. A general meeting, conversation, and parts for sale were the highlights of the day. Fair weather is hoped for the Chapter's picnic to be held on June 27 at Memorial Lake State Park adjacent to the Indiantown Gap military facility.

THE LONE STAR CHAPTER hosted the 10th Anniversary Celebration South Central Regional Meet on June 12 and 13, and had a great meet.

THE NORTHWEST CHAPTER will hold a club picnic on July 19. Some of the members attended the Pacific Regional Meet in Sacramento in June. A progressive dinner was part of the June chapter meeting.

THE SOUTHEAST CHAPTER members went to the Suncoast Chapter Regional Meet in Florida. This was a well organized show and we enjoyed it very much. We had 5 cars from Georgia attend. We are looking forward to going again next year. Those of you who were not able to attend really missed a good show. Thank you, Suncoast Chapter, for a great time! June 7 we held an All Ford Picnic at Stone Mountain Park, with a cook-out. June 20-21 we went to the North Georgia Mountains to listen to country music, blue grass picking, and watch the cloggers.

TECHNICAL HELP WANTED

I have installed an after-market "Emergency Warning Hazard Light Flasher" on my 62 Ranchero, 3 spd underwheel stick shift. This is Model 800 Hazard Warning Unit, manufactured by Roberk. It was the kind of unit sold in car parts stores for installation in cars built before warning hazard units were required. The unit is simple, consisting basically of a chrome push-pull switch, with a light bulb (W-53) in the knob, with a red lens. The unit takes a flasher, and comes with four wires, to be connected to the tail and park lights. When the knob is pulled, the red-lighted knob flashes along with the park and tail lights, and the single direction signal light on the dash. The problem is this: when the switch is pushed to "Off," the red light stays on, as long as the ignition is on. The fact that the red light stays on all the time is my problem. I do not think this can be correct. Can someone clue me in on the correct wiring for this unit? I would be forever grateful. Bill Bridges, 119 W. Kolstad St., Palestine, TX 75801. 903-723-7603.
